Claims 1 - 18 are allowed.

The following is an examiner's statement of reasons for allowance:

Graser *et al.* (U.S. Pat. The cited prior art neither teach or fairly suggest the further incorporation of two separate heating devices, wherein the first heater is specifically configured to heat the inner casing and the second heater is configured to heat the ceramic sensor member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
